

INTELLURA LLC-FZ

EXCELLENCE IN BEAUTY MANUFACTURING

Company Profile

United Arab Emirates · intellura.ai

About INTELLURA

INTELLURA LLC-FZ is a trusted leader in crafting and supplying top-tier cosmetic tools and professional-grade beauty products. Operating from the United Arab Emirates, we combine international expertise with regional craftsmanship to deliver beauty solutions trusted by professionals worldwide.

With years of experience in the beauty industry, we proudly serve salons, spas, and global retailers by delivering an extensive range of premium solutions thoughtfully designed to meet the unique needs of both beauty professionals and consumers.

Our Story

INTELLURA was founded with a singular vision: to craft cosmetic products of uncompromising quality. From state-of-the-art manufacturing facilities to a dedicated team of formulators and quality specialists, every element of our operation is built to deliver beauty products that earn the trust of professionals and consumers alike.

Mission, Vision & Values

Our Mission

To empower beauty professionals and brands with premium, ethically-formulated cosmetic products that elevate every experience.

Our Vision

To become the most trusted name in cosmetic manufacturing across the MENA region and beyond, redefining beauty through innovation and integrity.

Our Core Values

- Quality — Uncompromising standards at every step of production.
- Integrity — Honest, transparent partnerships built on trust.
- Innovation — Continuously refining formulations and processes.
- Service — 24/7 dedicated customer support for partners.

Our Brands

A curated portfolio of premium cosmetic brands, each crafted with intention to serve a distinct audience.

Lumina Skincare — Radiant Skin

Botanical-rich serums, creams, and treatments engineered for visible, lasting results. Luxurious textures and effective formulations for radiant skin.

Aurette Hair — Salon Grade

Professional shampoos, conditioners, and styling essentials with a luxurious finish. Salon-grade hair care designed for both professionals and discerning consumers.

Noir Grooming — Modern Man

Precision shaving and grooming line crafted for the modern gentleman, with refined fragrance profiles and premium ingredients.

Our Services

End-to-end cosmetic manufacturing services tailored for brands, salons, and retailers.

Custom Formulation

Bespoke cosmetic formulations developed by experienced chemists, tailored to your performance goals and brand identity.

Private Label Manufacturing

Launch your own brand with our turnkey private label program — from concept through production-ready product.

Packaging Design

Premium packaging solutions tailored to your brand identity, including bespoke design and material selection.

Contract Manufacturing

Scalable production runs with stringent quality assurance, supporting both emerging brands and established retailers.

Global Distribution

Logistics partnerships supporting worldwide shipping and distribution to your markets.

24/7 Client Support

A dedicated client success team available around the clock to support every stage of your project.

Quality & Compliance

Uncompromising standards.

Every INTELLURA product undergoes rigorous testing across multiple quality checkpoints — from raw ingredient inspection through final packaging — ensuring consistent excellence that meets and exceeds international standards.

Our operations proudly hold international ISO certifications, and our dedicated compliance team ensures every formulation meets regional and global regulations.

Quality Pillars

- ISO Certified — International quality management standards.
- Safety Tested — Dermatologically validated formulations.
- Lab Verified — In-house and third-party laboratory testing.
- Ethical Sourcing — Responsibly sourced ingredients.

Contact Us

We'd love to hear from you. Reach out for partnerships, private label, or product inquiries — our team is ready to support every step of your project.
